

OPEN-HEAD PCR 77 GALLON DRUMS

77 Gallon Target Specification

Assembled Weight:	22 lbs
Assembled Height:	45.0"
Body Weight:	20.0 lbs
Body Height:	44.5"
Diameter (mid-panel)	23.4"
Thickness (sidewall):	0.135"
Thickness (bottom):	0.125"
Fill Capacity:	77.0 gal

HIGHLIGHTS:

- Constructed from high density, high molecular weight polyethylene (HDPE), to provide strength and durability
- Manufactured from recycled post industrial HDPE or virgin HDPE
- Available in black, blue, or custom color
- Cover options include:
 - » standard black lightweight solid cover (no bungs) with no gasket
- Cover is secured with a powder-coated steel ring with lever-lock
- Designed with a flat bottom and footring to maximize contact with pallet or floor for slip resistance and stability
- Designed with a large diameter to add capacity and stability
- Designed to have large labeling areas on cover and sidewall
