

## OPEN-HEAD PCR 30 GALLON DRUMS

### 30 Gallon Target Specifications

<b>Assembled Weight:</b>	16.50 lbs
<b>Assembled Height:</b>	29.50"
<b>Body Weight:</b>	13.00 lbs
<b>Body Height:</b>	29.00"
<b>Diameter (mid-panel):</b>	20.00"
<b>Thickness (sidewall):</b>	0.150"
<b>Thickness (bottom):</b>	0.200"
<b>Fill Capacity:</b>	35.5 gal

### HIGHLIGHTS:

- Constructed from high density, high molecular weight polyethylene (HDPE), to provide strength and durability
- Manufactured from recycled post-industrial HDPE resin or virgin HDPE resin
- Available in black, blue, or custom color
- Cover options include:
  - black solid cover with no bungs
  - black cover with (1) 2" NPT solid bung & (1) 3/4" NPT vented bung
  - all covers have gaskets
- Cover is secured with a powder-coated 18-ga steel ring with lever-lock
- Designed with a flat bottom to maximize contact with pallet or floor for slip resistance and stability
- Designed with a large diameter to add capacity and stability
- Designed to have large labeling areas on cover and sidewall
- Designed to be easily handled by standard drum-handling equipment
- UN rated for DOT Hazmat solids: 1H2/Y/160
